NAKA | A STRATEGIC TECHNOLOGY COMPANY

Optimize Outputs with Cloud Technology

End to End Managed Cloud Services & Solutions

Cloud Services are infrastructures to provide easy data flow over the internet. However, adapting to cloud solutions is not enough to have a successful run in the market. During the adaptation phase, companies are usually stuck due to workload challenges and security.

NAKA will bridge the gap between you & the cloud.

NAKA Cloud Service Suite

Enterprise Cloud Architecture

- Cloud Infrastructure Design
- Cloud Infrastructure Management Consulting
- Cloud Infrastructure Optimization
- Cloud Data Migration Strategy
- Regular Maintenance
- Cloud Setup

Application Management

- Continuous Monitoring
- Cloud Integration
- Cloud Security Implementation
- Risk Management
- Cloud Cost Optimization
- Performance Optimization

Cloud Application Development

- Cloud Innovation Roadmap
- Cloud-Native Application Development
- Multi-Cloud Solutions
- Cloud Transformation
- Cloud Security Solutions
- SLA Compliance Solutions
- Cloud Integration

Cloud Migration

- Cloud Budget & Trend Forecasting
- Cloud Backup & Recovery
- Cloud Automation & DevOps
- Cloud Optimization & Improvement
- Workspace-as-a-Service
- End-user Computing Management
