STRATEGIC
TECHNOLOGY
COMPANY

Fueling Business Growth as a Right Staffing Company

Get the Right Talent Every Time for Your Technology & Marketing Needs

At **NAKA**, we understand **hiring challenges** & the need for right talent that can quickly adapt to your organization culture & take on challenges. Our staffing experts do **multi-dimensional screening of every candidate** & validate their skills through **hands-on assignments** to source **best candidates** for the job.

Technology

Through our smart vetting process & team-building expertise, we, as a Staffing Solutions Company, make technology staffing a smooth hiring experience.

Software

We specialize in Software Staffing to quickly hire talents with a broad spectrum of expertise in programming languages, frameworks, testing techniques, & deployment.

Cybersecurity

With a keen eye on the cybersecurity paradigm, we help clients hiring world-class cybersecurity experts through a customized approach that fits their needs.

Executive

We focus on delivering business-centric value to our clients by attracting leadership talents to join your company & drive it to the desired success.

Sales & Marketing

From brand building to acquiring customers, sales & marketing talents put your company out in the world to make it stand out from the competition. We facilitate sales & marketing hiring with immense focus on brand building, customer acquisition, & revenue generation & build a team that can go out & synergize with your business goals from day one.
